

KARLI ORMAN ÜRÜNLERİ A.Ş.

Öncelikli olarak KARWOOD markasıyla yerli ve ithal kereste imalat ve ticareti yapan **KARLI ORMAN ÜRÜNLERİ** 2000 yılında kurulmuş olup 2005 yılında **KARLAMİN** ve **Enachairs** markasıyla “**shaped plywood**” olarak bilinen formlu kontrplak ve sandalye üretimi ile mobilya sektörüne de giriş yapmıştır.

Bugün İzmir’in Torbalı ilçesinde 15.000 m² kapalı alan olmak üzere toplam 25.000 m² alan üzerinde konumlu varlığı ile kereste tüketicilerine, mobilya ve ofis büro üretim gruplarına hizmet vermektedir.

Bugün; **sandalye başta olmak üzere; her türlü sandalye, istiflenebilen sandalye, demonte sandalye ,giydirme sandalye, bar sandalyeleri, bahçe grupları, açık alan grupları, sandalye arkalıkları, sandalye otuakları, ofis otuakları ve sırtları, monoblok sandalyeler, kanepeler, ahşap metal banklar** ve her türlü müşteri isteğine dayalı özel siparişler alınmaktadır. Yüksek kalite ve uygun fiyat ile müşteri istek ve beklentileri en üst seviyede karşılanmaktadır. Tesislerimizde her çeşit renk uygulamaya uyumlu üretim yapılmaktadır.

Sahip olduğumuz donanım, tecrübe ve kalifiye iş gücümüz ile konfor ve estetiğe dayalı modern tasarımlarımız ile sınırsız müşteri talepleri cevaplanabilmektedir.

Üretimimizde kullanılan hammadde ithal edilmekte olup her türlü Avrupa standartlarına uygun belgelere sahip ham madde kullanılmaktadır. Üretimimizde Yüksek frekanslı jeneratör ve press makineleri, Pade marka, 5 eksenli CNC Makinaları, Pade marka otomatik yüklemeli sandalye arka ayak ön ayak ve diğer parçaları işlemek için 5 eksenli CNC Makinaları, Pade marka kopya freze makineleri, MZ marka kopya bıçkı makineleri, Balestrini marka dişi erkek zıvana makineleri, COSTA marka kalibre zımpara makineleri, Weining Variomat makineleri, Comec Takoz ve lukens ayak işleme makineleri, son teknoloji cila kabimleri ve kurutma fırınlar, juki marka dikiş makineleri, en son tasarım CAD – CAM teknolojisi ile donatılmış olup; erkek – dişi baskı ve işleme kalıpları da bu makinelerde yapılmaktadır. Laminasyon teknolojisi malzeme özelliklerini daha da iyileştirmekte; malzemeyi suya, rutubete ve ışığa karşı % 100 dayanıklılık özelliği kazandırmaktadır. Sonuç olarak; **KARLAMİN ve ENACHAIRS markası ile üretilen ürünler sektörün ulaştığı en son teknoloji, estetik ve en üst kalite seviyesinde bulunmaktadır.**

Hammaddeye, üretim prosesine ve bitmiş ürüne kalite kontrol uygulanmakta olup; ancak her türlü onay almış ürünler müşteriye sevk edilmektedir.

15 teknik personel olmak üzere toplam 95 personel ile faaliyetlerimizi “**sınırsız müşteri memnuniyeti ve yüksek kalite anlayışı**” ile sürdürmekteyiz.

KARLI WOOD PRODUCTS A.S.

KARLI WOOD PRODUCTS was established in 2000 to deal with production and sales of Beech lumber. As an expansion it approached the furniture sector offering the production of formed plywood under the brand of KARLAMİN. At a later stage a new division, name ENA, was formed to produce fully upholstered chairs, sofas, armchairs etc.

USTUNKARLI CO, the main shareholder, is one of the oldest & leading companies in Turkey in the field of Wood Processing Machinery such as log processing machinery and wood drying chambers.

Currently Karlamın is involved in producing chairs, stackable chairs, garden furniture, chair backs, chair seats, mono-block chairs, armchairs and custom-made products produced according to the customer's specification. The customer's detailed specifications are met at the highest level possible, thanks to Karlamın high quality and competitive prices. Karlamın is equipped to also supply its products fully painted.

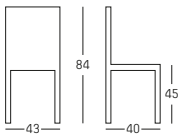

In addition to meeting the domestic demand, export growth is most important. Currently Karlamın exports to France, Ukrain, Holland, UK, Azerbaijan, Morocco, Israel and other middle-East countries.

Our factory has 15,000 m² of land plus a roof area of 25,000 m³. Further investment is planned in expanding the varnishing line. While the number of workers are abt. 95

Karlamın is well equipped to meet the customer's demands thanks to its equipment range, expertise and qualified staff. The raw materials are imported from nearby forest growing countries like Bulgaria. The factory employs 4 Italian-made 5 – axis CNC wood processing machines, copy shapers and 4-sided milling machines from German make (Weining). The CNC machines are equipped with the latest CAD-CAM technology, and are used for the production of male / female pressing dies and processing the products to a high accuracy levels. The lamination technique uses 10 presses who provide excellent pressed products. The Lamination technology used warrants the specifications of the ordered items, giving good durability against humidity, direct light & general uses. Therefore, products produced under the KARLAMİN brand meet the latest technological and aesthetical standards as well as the highest quality levels that the sector has reached.

Quality control inspection is applied to the raw material, the production process and the finished goods. Packaging and delivery is made to the customer instructions.

Currently Karlamın employ a workforce of 95, of which 15 are of technical background. The workforce is trained to provide customer satisfaction.
